## WEB DEVELOPMENT SKILLS

---

### LANGUAGES

- HTML
- CSS
- JavaScript
- Python

### FRAMEWORK

- React
- Django
- Bootstrap
- JQuery

### DATABASE

- MySQL
- SQLite

## PROJECT EXPERIENCE

---

### TABLE RESERVATIONS.

**Technologies used:** Django, HTML, CSS, JavaScript, MySQL

- Created a Django project in a virtual environment using pipenv tool.
- Implemented the MVT structure of Django Architecture. With the MVT structure, I created tables and their fields, create python functions that accept web request and delivers web response, and also create its static content containing HTML, CSS, JavaScript files and images.
- Created a database using MySQL server to store Users information and reservations.
- Used Fetch API with a post method to collect reservations data from database and render them as JSON.

### LITTLE LEMON RESTUARANT API.

**Technologies used:** Django, Django Rest Framework, Djoser

- Installed Django, Django rest framework and Djoser in a virtual environment.
- Implemented fully functional CRUD operations using function and class based generic view.
- Implement rest framework serialization to render data into JSON format majorly for testing

- Implemented Authentication and Authorization using Djoser library and also generate valid token for users.

## E-COMMERCE SITE.

**Technologies used:** Django, HTML, CSS, JavaScript, SQLite

- Created this app using Django web framework to enable users makes online shopping.
- Integrated the app to PayPal to enable users make payment either with their credit card or with their PayPal account.

## LANDING PAGES

**Technologies used:** React, HTML, CSS, JavaScript

- Creates interactive web app interface using React.js web framework and implemented different routes using React Router components of Route, Link.
- Using HTML, CSS and JavaScript, I create static and interactive web applications, also link to social media accounts.

## RELEVANT EXPERIENCE

---

**GRAPHIC DESIGNER/PRINTER** - BAKOSAM PRINTING, Abuja.

- Designs fliers, banners, and also edit photos using Adobe Illustrator, Adobe Photoshop and Corel Draw.
- Printed materials on banners, stickers, cards, art-papers, plain-papers, using Large Format and DI machines.
